

User Story: As a user, I want navigation to be intuitive.

Result: All sections can be accessed with ease from a single page and navbar links which remain visible at all times.

The screenshot shows the bottom half of the Tilt Mode website, featuring a blue 'BOOKING/ENQUIRY FORM'. The header is identical to the previous screenshot. The main content area is light beige and contains the same text as the 'CONTACT' section. The form itself is blue and includes the following fields: 'Name', 'Email', 'Phone number', and 'Venue/Business Name' (all text inputs); 'Event type' (a dropdown menu with 'Select an event type'); 'Booking date' (a date picker showing 'dd/mm/yyyy'); and 'Booking time' (a time picker showing '---:--'). Below these are two columns of checkboxes for 'Bonus options' (Customised set, DJ playlist between sets, First dance request, Other) and 'Set Time' (45 mins, 90 mins, 120 mins, Other). A 'Message' section with a large text area and a 'Submit' button is at the bottom of the form. The footer is yellow and contains social media icons for YouTube, Instagram, and Facebook, along with the copyright notice 'Copyright © 2025 Tilt Mode. All rights reserved.'
